

St. Francis of Assisi Middle School Service Learning Project Report

At least two (2) hours of service are to be with your parish/school, home, and community. Some examples of parish/school service could include the following: working for a church sponsored activity (Francis Fest, fish fry, etc.), serving at mass, helping teachers in classrooms, etc. You may complete the remaining four hours of service at the location of your choice.

Upon the completion of service hours at one location, please answer these questions and return to school. Please complete a separate form for each location where you provided service. You will not receive credit for the service you provide until this form is completed and returned to school.

1. Briefly explain what type of service you performed. (ex. raked leaves, played a card game, stuffed envelopes, etc.)
2. How do you think you helped the people or organization that you helped?
3. What did you like the *best* about this service work?
4. What did you like the *least* about this service work?

Student Name: _____

Grade/Homeroom: _____ Total Hours of Service: _____
